Montreal, QC

## Objective

Network Administration student at John Abbott College with hands-on experience in Linux, Windows Server, and automation tools. Seeking a full-time position in IT Infrastructure or Cloud Operations where I can apply my skills in real-world environments and grow as a systems professional.

## Certification Paths

### Cisco Networking Academy – CCNA (Modules 1–3)

- [Introduction to Networks](#)
- [Switching, Routing, and Wireless Essentials](#)
- [Enterprise Networking, Security, and Automation](#)

### Red Hat Academy

- [Linux System Administration I \(RH124\)](#)
- [Linux System Administration II \(RH134\)](#)

### AWS Certification Path – In Progress

- Currently pursuing AWS Certified Cloud Practitioner

## Education

### AEC – Network Administration (NET-45)

*John Abbott College – Montreal, QC*

**Expected Graduation:** Dec 2025

**Courses:** Cisco Networking, Linux & Windows Server, Automation (Ansible, Python, PowerShell), Web Hosting (Apache, GPOs, CA, Entra ID)

**Tools:** VMware, GNS3, Packet Tracer, GitHub, Wireshark

### Projects:

- Multi-domain Active Directory forest (GPOs, login scripts, certificate services)
- Apache server with SSL, SELinux, subnet ACLs, CGI, PHP
- Ansible automation for Cisco router config
- PowerShell user/group & GPO automation

## AEC – Web and Database Programming

*Vanier College – Montreal, QC* · Completed: 2024

- Developed Java, SQL, Oracle-based full-stack apps
- Built dashboard & tax tools in Visual Studio

## Job Experience

### Lending Operations Associate III – BMO Financial Group

*Montreal, QC* · Nov 2022 – Nov 2024

- Handled backend operations for NCCS/MECH loans
- Used MDIFF, Optimizer, and Excel for validations
- Ensured compliance and interdepartmental accuracy

### Customer Service Representative – Everyday Banking

*BMO Financial Group* · Feb 2022 – Nov 2022

- Supported clients with banking and security issues
- Maintained top customer satisfaction and accuracy

## Technical Skills

### Networking & Systems

- Cisco VLANs, ACLs, NAT, DHCP
- Windows Server 2022 (AD DS, GPOs, DNS, DHCP)
- Linux (AlmaLinux, Apache, SELinux, NFS, Samba)

### Automation & Scripting

- PowerShell (AD + GPO scripting)
- Bash scripting (Linux admin tasks)
- Python (basic, used with Ansible)

### Cloud & Tools

- Azure Entra ID, GitHub, GNS3, Packet Tracer, VMware

## Languages

- English - Native
- Spanish - Native
- French - Intermediate
